### Same-Sex Domestic Violence: Considerations, Suggestions, and Resources

**Date/Time:**

Thursday, June 22nd, 1pm-2pm ET

**Faculty:** Cara Presley, LICSW, Violence Recovery Program Manager, Fenway Health

According to a recent national survey, LGBT people experience domestic violence at least as commonly as heterosexual women, contradicting common misperceptions that men cannot be victims of abuse, and women cannot perpetrate abuse. In this webinar, Cara Presley of Fenway Health's Violence Recovery Program,

will explain the unique characteristics of same-sex domestic violence as well as the benefits of screening LGBT patients. Participants will learn to identify barriers that LGBT victims and survivors of domestic violence face when accessing health care,

# Advancing Excellence in Transgender Health: A Core Course for the Whole Care Team

**Friday - Saturday  
October 13 - 14, 2017  
The Colonnade Hotel  
Boston, Massachusetts**

Advancing Excellence in Transgender Health was developed in response to the high volume of queries from clinicians and health care staff seeking to learn about providing high-quality care for adults, adolescents, and children who are questioning their gender identity or who identify as transgender or gender non-conforming. This conference is designed to train the whole health care team in providing competent and confident gender-affirmative health care, grounded in research evidence and best clinical practices. Sessions are led by expert faculty specialized in transgender-focused research and patient care. The conference is appropriate for all members of health care teams, including physicians, behavioral health care providers, physician assistants, nurses, and other staff.

Conference topics will include:

- Gender-Affirmative Health Care: Terminology, Demographics, and Epidemiology
- Gender Identity Development in Children and Adolescents
- Transgender Adults Community Panel
- Behavioral Health Care for Transgender Adults
- Behavioral Health Assessment and Referrals for Gender-Affirming Surgery
- Primary Medical and Preventative Care Needs of Transgender Clients
- Obstetric Care and Reproductive Health for Transgender Clients
- Gender-Affirming Hormone Therapy
- Behavioral Health Care for Gender Diverse Children and Adolescents
- Family Systems of Transgender Children
- Transgender Youth Community Panel
- Transgender People and HIV
- Gender-Affirming Surgeries
- Gender-Affirming Sexual Health Care
- Transgender and Gender Non-conforming People of Color

In addition to didactic presentations, attendees will learn from panels of transgender

community members and have the opportunity to engage in interactive case discussions that highlight medical and behavioral health approaches to gender-affirmative care, led by experienced clinicians specialized in transgender health.

**Early bird registration ends July 1.**
