

NATIONAL LGBT HEALTH  
EDUCATION CENTER

A PROGRAM OF THE FENWAY INSTITUTE

## LGBT Health Line

### News from the National LGBT Health Education Center

---

### What is ECHO?

"Project ECHO (Extension for Community Healthcare Outcomes) is a collaborative model of medical education and care management that empowers clinicians everywhere to provide better care to more people, right

where they live." [-About ECHO](#)

### The ECHO Experience

- The opportunity to tap into the collaborative power of health center teams and public health experts
  - 12 months of free training, technical assistance, and coaching for your health center
  - Access to nationally-recognized faculty and experts
  - Access to state-of-the-art resources, tools, and effective practices
-

## Transgender Health ECHO

Through the use of the groundbreaking [Project ECHO model](#), Trans ECHO will create a network of health centers and faculty expertise to increase clinician access to knowledge and support they need to in order to provide culturally-responsible, comprehensive, primary care to transgender and gender non-conforming patients.

### Who should participate?

- Providers interested in providing care to transgender and gender non-conforming patients.
- Health Center Staff with an ability to commit to 12 two-hour sessions in 12 months.
- Providers with an interest in the opportunity to tap into the collaborative power of health center teams and public health experts
